On each Monday at 8:00am registration for that week of play will begin and will subsequently close on each Friday at 5:00pm. Each week 10 NCAA College Football games will be selected for the games of the week. Each participant who registers will be asked to submit their picks for the winners of the 10 games posted. The final game (Game 10) you will also be required to enter a total score for that game as a tiebreaker in case multiple participants should select the same number of games correctly for that week. The tiebreaker will be used first for the participant who selects the winner for Game 10 correctly and then to the player closest to the final total score. If multiple winners still exist, then each participant will be selected as that week’s winner.

Each week once a winner is determined that participant will win that week’s intramural championship t-shirt and have their picture taken to be posted on the Intramural Sports Wall of Champions.

Participants who participate in multiple weeks will also have their total cumulative points tabulated over the 11 weeks of play. At the conclusion of the 11 weeks the overall champion with the most overall correct picks will receive an intramural championship t-shirt, have their picture taken to be posted on the Intramural Sports Wall of Champions, and a special NCAA Football Pickem Prize.
